CURRICULUM VITAE

PERSONAL DETAILS

Throughout my previous employment and experiences I have built up a broad range of skills in several areas of multimedia design and development.

I class myself as a hard working, creative and productive individual with a keen eye for detail and always strive to produce the best work possible. I am constantly developing my skills for both web and print, and look forward to progressing and improving myself with each new challenge that comes ahead.

Having worked on many full-time employment and freelance projects both individually and in small teams, I have learnt to be effective in my task and time management, along with being reliable, liaising with clients, meeting deadlines, and working within corporate guidelines.
